

HELP THE PLANET WITH MARS DRINKS

RECYCLE ALL OF YOUR USED FRESHPACKS

To help our customers along their path to a more sustainable workplace, we've developed a program to prevent millions of single serve Freshpacks from ending up in a landfill.

SIGN UP AND LOG IN

- Visit **www.recycleyourfreshpacks.com** to sign up
- Use the following information to complete the pop-up form:
 - Enter your Distributor Code
 - Leave the Customer Number field blank unless instructed otherwise
- Submit the form to receive a confirmation email with your **username** and **password**

COLLECT, PRINT, SHIP AND TRACK

1. Collect any used Freshpacks
2. Select a cardboard shipping box and line it with a plastic bag—empty any used Freshpacks into this box
3. Try to keep the weight close to 40 lbs.—this is the most efficient size to ship
4. When your shipping box is full, log in to www.recycleyourfreshpacks.com and click "Print a Shipping Label"
5. Securely close your shipping box, attach the shipping label, and ship the box via FedEx® Ground
6. See your success—your account "ticker" tracks how many Freshpacks you've collected

RECYCLING TIPS

Create only one username and password

Keep your log-in information generic to easily share it with others in your office

Follow these tips to keep your shipping weight close to 40 lbs.:

Weigh it! Use a scale to weigh the shipment

Measure it! (Length + Width + Height) x 2 = 75 inches or less in total

Fill it up! Do not ship your box until it is full

For more information about the Recycle Your Freshpacks program, please contact your Mars Drinks representative or visit
